

Earnings per Share Calculation

(2 CPD Units) (code: P150922)

Introduction

This seminar is dedicated to accounting and finance professionals in the context of a recap of Earnings per Share (“EPS”) calculation. The seminar will include illustrative examples showing the effect of new issue, bonus issue and open offer on the calculation of basic EPS. It will also include illustrative examples showing the effect of share options and convertible instruments on the calculation of diluted EPS. The speaker will also cover the key requirements of HKAS 33 “Earnings per Share” with focus on some requirements which are sometimes overlooked or misunderstood.

Speaker:

Mr Joel Chan, Quality Assurance Partner, ZHONGHUI ANDA CPA Limited

Mr Chan is experienced in auditing and corporate finance activities, and is well versed with International/Hong Kong Financial Reporting and Auditing Standards. He is experienced in providing technical support to audit firms in relation to audit and other assurance engagements of listed companies. He is an active speaker in Hong Kong, the PRC and other Asian cities on IFRS/HKFRS matters. He is a member of the Hong Kong Institute of Certified Public Accountants and the Institute of Chartered Accountants in England and Wales.

His main duties in the firm are to provide technical support on financial reporting and auditing matters. He oversees the overall quality assurance of the firm and is also responsible for matters regarding ethics and training.
